

Prelim. Amendment dated September 30, 2003
Filing of Divisional application

REMARKS

In the specification, a section "Cross-Reference to Related Applications" was added. Priority of the earlier applications is claimed under 35 U.S.C. 121. The parent application had a restriction requirement identifying two Groups of Claims. Applicant elected Group II claims drawn to a method of healing skin wounds for prosecution in the parent applications. The method claims were allowed and a Notice of Allowance was issued on July 02, 2003.

This divisional application is directed to claims 1- 23 drawn to Group I (wound healing composition). The applicant cancelled the Group II claims from this divisional application. Favorable consideration of Claims 1-23 is respectfully requested.

Respectfully submitted,
